“何もない空間”で“何にでもなる”家具

何もない状態は、何にでもなる可能性そのものである。3×3×3 の構成部品は、組み合わせ方により無数の用途と多様な表情を実現させる。“何か”になる可能性を見出すことで、使用者の創造性を豊かにする家具である。

Furniture That Can Become Anything in the Space of Nothing

Having nothing in space provides the very possibility to create anything in that space. In this project, I produced a set of 3×3×3 components that can be combined into any number of functional objects with endless possibilities for expression. This furniture set aims to encourage users' creativity by providing the tools to create “something” in the space of “nothing.”
